ABOUT THE OWNER

Maria Raquel Thomas, 16, is an Entrepreneur and Humanitarian. After struggling with her personal lip care, she began mixing her own products to help with chapping. She then tried samples out with her friends to see if it helped them. It did and so she began mixing more products. Around the same time, COVID-19 hit the world. Maria Raquel Thomas wanted to find a way to help people keep up with their self-care, stay positive and stay motivated during the crisis. So in 2020, she started Maria Raquel Thomas Cosmetics.
